News from SNRS

Proposed Bylaw Changes

Proposed bylaw [revisions](#) are now available for your review on the SNRS [web site](#). These revisions are to be voted on at the 2008 Annual Business Meeting to be held on February 22, 2008 at 8:30 am in Birmingham, Alabama. The main changes proposed are the addition of two committees, a Development Committee (for non-dues revenue generation) and a Small Grants Committee (to manage the small grants program; this change would subdivide the current Awards Committee, leaving the current Awards Committee to manage the member awards). Two additional Board members are proposed to chair these new committees. In addition, there is a modification to the purpose statement and functions of the organization.

\$1000 prize to winning "Nurse as Scientist" podcast! **Submissions due: February 15, 2008**

Open to doctoral students only! A \$1000 prize will be offered to a doctoral student who is a member of SNRS for a winning podcast on the topic "[Nurse as Scientist](#)."

The image of "nurse as scientist" is largely absent from public perception of nurses and nursing. The purpose of this competition is to create a series of enhanced podcasts that can be widely disseminated to the public to increase visibility and public awareness of nurses' roles as scientists in the development of knowledge for health care. Pod-casting is a youth-friendly technology for interacting with the community of those who will be the next generation of nurse scientists!

The prize is provided by the [Council for the Advancement of Nursing Science](#) and is designed to defray costs associated with attending the 2008 State of the Science Congress on Nursing Research.

Podcasts should be postmarked by February 15, 2008. Mail entries to SNRS Headquarters, using the guidelines at the [Nurse as Scientist](#) web site.

The winner of the SNRS competition will be determined at the 2008 Annual Meeting to be held in Birmingham, Alabama on February 21-23, 2008. The winner of this competition will advance to a national competition for the most outstanding podcast. The national competition will be held at the 2008 State of the Science Congress on Nursing Research to be held October 2-4, 2008 at the Shoreham Hotel in Washington, DC. Winning entries will be posted on the Council for the Advancement of Nursing Science web site.
