The Southern Nursing Research Society Annual Conference provides an opportunity for SNRS members to report ongoing and completed research as well as theoretical, conceptual, and methodological projects to colleagues. We are now using a new abstract submission system (Scholar One). Please read all directions carefully since the procedures for abstract submission have changed.

Please review the submission guidelines, which contain important information and items that you will need prior to starting the abstract submission process. Reviewing this information in advance will greatly facilitate the submission process.

Abstracts will be peer reviewed based on criteria for late breakers, student, and evidence-based practice (EBP). Please take note of the following ratings forms:

- Late Breaker Abstract Rating Form

- EBP Abstract Review Criteria

We look forward to receiving your 2010 abstract and seeing you in Austin, TX.
