Call for Abstract Submission Reviewers
SNRS 25th Annual Conference
February 16 - 19, 2011
Jacksonville Hyatt Riverfront
Jacksonville, Florida

We invite you to serve as an abstract reviewer for SNRS 2011.

At our 2011 annual conference, SNRS: Celebrating 25 years of Nursing Research, we will be celebrating the 25th anniversary of SNRS. The 2011 annual conference will be held in Jacksonville, FL, February 16-19, 2011.

To facilitate your registration as an abstract reviewer you will only need to review the information on the attached document. Please make any changes or additions, and email your reply to snrs@resourcenter.com by Tuesday, August 31, 2010.

Our abstract submission period is October 1 - 18, 2010 for student, late breaker and evidence based practice abstracts. The abstract review period for these submissions will take place October 22 - November 12, 2010.

We anticipate assigning each reviewer between 10-12 abstracts (number assigned based on need) based on the reviewer's self identified areas of expertise. You must have internet access during the review period as all reviews must be completed in our online system. Should something preclude you from completing your reviews during the assigned time period you must immediately contact SNRS snrs@resourcenter.com in order for the abstracts to be re-assigned.

Again, thank you for your contributions to SNRS. We do hope that you will consider serving as an abstract reviewer. Please contact me if you have any concerns or questions snrs@resourcenter.com.

Sincerely,

Anne Turner-Henson DSN, RN
Vice President, SNRS
