Honor your Mentor with an
SNRS Mentor Pin!

Mentor pins are a wonderful way to recognize your mentor for all the guidance and support you received during your program of study or helped you reach toward your career goals. The pin is meant to recognize and thank your mentor(s) for their excellence as a nurse research mentor. A personal note identifying how your mentor inspired you can be included and be placed on the Wall of Mentors on the SNRS Website. All proceeds from the sale of these pins are used to support the SNRS small grants program and/or the research endowment fund. You may purchase the mentor pin online or at the 25th Annual Conference for $15.00.
