Call for Nominations for SNRS Member Awards

Recognizing the distinguished research achievements of our members is one of the means by which SNRS achieves its mission. Please take this opportunity to nominate a colleague for one of the several research awards offered by SNRS:

- Distinguished Researcher
- Researcher in Minority Health
- SNRS/John A. Hartford Foundation Geriatric Research Award

Nominations for the SNRS Member Awards listed above are due on October 1, 2011.

In addition, now that abstract decisions have been made and it is known which papers are accepted for either podium or poster presentation at the 2012 Annual Conference, please consider submitting one of those papers on which the abstract was based to be reviewed for the D. Jean Wood Award. Deadline for submission is October 15, 2011.

Sincerely,

Robin Bartlett, PhD, RN
Chair, Awards Committee
