Abstract Submission Site Now Open for the
SNRS 28th Annual Conference
"Enhancing Value-based Care: Generating New Knowledge"
February 12 - 15, 2014
San Antonio Marriott Rivercenter
San Antonio, Texas

The online submission process for symposia, podium presentations and posters (except student posters) is now open. There will NOT be an extension this year. The deadline for submissions is **Tuesday, June 11, 2013 at 5:00 p.m., Central Time.** Please note that the student poster and late breaker abstract submissions will open in early September 2013.

The Southern Nursing Research Society Annual Conference provides an opportunity for SNRS members to report ongoing and completed research as well as theoretical, conceptual, and methodological projects to colleagues. **Please read all directions carefully.** Your SNRS member ID number will be required during submission of your abstract. SNRS membership is **NOT** required at the time of abstract submission. However, SNRS membership is **REQUIRED** at the time of presentation. You will be **required to create a new user account** in ScholarOne prior to submitting your abstract but please note: the User ID must be unique; you will not be permitted to specify a User ID you have used in prior years.

ENRS, MNRS, and WIN members may also submit abstracts documenting proof of membership. The SNRS member registration rates will also be available for ENRS, MNRS and WIN members.

Please review the [submission guidelines page](#), which contain important information and items that you will need prior to starting the abstract submission process. Reviewing this information in advance will greatly facilitate the submission process.
• **Podium (paper) and symposium** presentation abstracts must show evidence that the research (or theoretical/conceptual/methodological work) is complete at the time of abstract submission.

• **Poster** presentation abstracts may include work in progress and/or preliminary data analysis, though data collection and analysis must be complete at the time of the conference presentation.

**Please note:**
We encourage you to enter all of your information *exactly* as you wish it to appear in the program. *Title case only* will be accepted for abstract titles (capitalize the first letter of words other than short conjunctions, articles and prepositions). Example: This is a Title.

Please include complete information for additional authors, including institution and credentials. Author information (institution and credentials) will be used for the abstract information listed in the program (onsite, online) and abstract CD. Please check your author information carefully, as this cannot be changed after the abstract decisions are made.

We look forward to receiving your 2014 abstract and seeing you in San Antonio, Texas.

Marygrace Hernandez Leveille, PhD, RN, ACNP-BC  
Vice President  
Southern Nursing Research Society
