Southern Nursing Research Society
Call for Student, Latebreaker and General Symposia Abstracts is Now Open for the SNRS 29th Annual Conference
"Conducting Research in Difficult Times: Come Revitalize Your Research Spirit"
February 25 - 28, 2015
Saddlebrook Resort
Tampa, FL

The Southern Nursing Research Society Annual Conference provides an opportunity for SNRS members to report ongoing and completed research as well as theoretical, conceptual, and methodological projects to colleagues.

The abstract submission site for students, late breaker and general symposia is now open. The deadline for submissions is Sunday, October 5, 2014 at 5:00 p.m., CT. The site will promptly close at 5 pm CT on October 5th. Please plan accordingly as there will NOT be an extension. SNRS membership is NOT required at the time of abstract submission. However, SNRS membership is REQUIRED at the time of presentation, if you are selected.

SNRS has added a new abstract category. The general symposium category of research-related issues are individual abstracts submitted to highlight issues in research. Examples include: research career trajectories, methodological challenges, senior scientist experiences and advice, theory, research in non-academic settings, and translational science. Submissions are welcomed from senior scientists, mid-career scientists, researchers in clinical settings and members from Research Interest Groups. Completed research work is not required for this submission. An abstract may have multiple authors, but the conference presentation must be made by a single author (presenting author must be identified in the abstract submission). Typically, presenters have 10 minutes for the presentation and 5 minutes for Q & A. Please click here to view the rating/review criteria for the general symposia category.

ENRS, MNRS, and WIN members may also submit abstracts documenting proof of membership. The SNRS member registration rates will also be available for ENRS, MNRS and WIN members.

Please review the student/latebreaker and symposium submission guidelines page, which contains important information and items that you will need prior to starting the abstract submission process. Reviewing this information in advance will greatly facilitate the submission process.

Please note: The SNRS Abstract site is managed by Scholar One. You may not use your SNRS member ID and password to log into the abstract site. When submitting your abstract you will be required to create a new user ID in the SNRS Abstract Site. You will not be permitted to specify a User ID or password used in prior years. If you experience technical difficulties with the Scholar One site please contact Scholar One by clicking the help tab.

Click here to submit your abstract for the 2015 Annual Meeting.

We look forward to receiving your abstract and seeing you in Tampa, FL.
Sincerely,

Marygrace Hernandez Leveille, PhD, RN, ACNP-BC
Vice-President, SNRS
