11th Annual Silent Auction

The primary mission of SNRS is to support nursing research. To that end, we are continuing, as part of our Annual Conference, a Silent Auction to generate funds for additional research grants.

For the past several years, we have had a silent auction and raffle at the conference that has been extremely successful. All proceeds have been designated to help build a foundation for research grants awarded to promising future nurse researchers. This year we hope to top previous years in terms of the amount raised! We can't reach this goal unless you help us through your generous donation of auction and raffle items. Individuals and schools have historically donated items valued at more than $50.00. Soft sacks were used last year and several "winners" loved the fact that they could carry their silent auction items on the plane or pack them easier.

Please consider submitting a soft sack filled with items to represent your school and/or region and help us raise money for research grants. The modest cost of creating the sack can provide advertising for your school and generates excitement about the silent auction.
